Our study materials can fully meet all your needs: Avoid wasting your time and improve your learning efficiency, 312-49v10 PDF version is printable, and you can study anytime.

Three different versions for easy pass, We provide the right of one-year of free update 312-49v10 pdf braindumps if you purchase and we offer 24/7 customer assisting to you in case you get in trouble in the course of purchasing.

312-49v10 Pass-Sure Materials: Computer Hacking Forensic Investigator (CHFI-v10) - 312-49v10 Actual Test & 312-49v10 Test Torrent

The 312-49v10 demonstrates a 312-49v10 's knowledge, skills, and experience to lead, direct, and finally, bring a project to the end with flying colors, On the other hand, simulation of 312-49v10 test torrent, to a considerable extent, increases the transparency of exams, making the general public have an equal access to the internal operation of the real exam.

The trouble can test a person's character, More practice make more perfect, so please take the 312-49v10 latest training pdf exam preparation seriously, Our 312-49v10 study guide design three different versions for all customers.

Get yourself efficiently prepared with the latest and valid 312-49v10 dumps in almost two weeks, The close to 100% passing rate of our dumps allow you to be rest assured in our products.

Our training materials can help you pass the IT exams, Software version of the features are very practical, I think you can try to use our 312-49v10 test prep software version.

Online Test Engine can supports Windows / Mac / Android / iOS, etc.because it is the software based on WEB browser, The guarantee of 312-49v10 exam torrent: Although all questions and answers of our 312-49v10 training vce is developed by our IT elite with ten-year IT experience, so that our 312-49v10 test dumps have more than 98% hit rate.

Our 312-49v10 dumps torrent will do you a big favor of solving all your problems and offering the most convenient and efficient approaches to make it, In this 312-49v10 exam dumps we have compiled real Computer Hacking Forensic Investigator (CHFI-v10) exam questions with their answers so that you can prepare and pass CHFI v10 exam in your first attempt.

NEW QUESTION: 1

What does word investigation examine?

- A. Single domain fields.
- B. All of the above.
- C. Multiple domain fields.
- D. Free form text fields.

Answer: B

NEW QUESTION: 2

A new HBA is added to a Sun Solaris host. After a reconfiguration reboot, the new HBA is logged into the FA port on the Symmetrix, but it cannot see any devices. Which two [2] must be verified?

- A. LUN number conversion from decimal to hexadecimal in the sd.conf file
- B. LUN number conversion from hexadecimal to decimal in HBA driver configuration file on the host
- C. Correct HBA WWN and FA association exists in the VCMDDB
- D. LUN number conversion from hexadecimal to decimal in the sd.conf file

Answer: C,D

NEW QUESTION: 3

Netflow is used to monitor network traffic. Which two attributes are used to identify a flow?

- A. Source IP address and destination IP address
- B. Source IP address and source port
- C. Source IP address and destination port
- D. Source IP address and protocol
- E. Source IP address and source MAC address
- F. Source IP address and destination MAC address

Answer: A,B,C

Explanation:

Each packet that is forwarded within a router or switch is examined for a set of IP packet attributes. These attributes are the IP packet identity or fingerprint of the packet and determine if the packet is unique or similar to other packets. Traditionally, an IP Flow is based on a set of 5 and up to 7 IP packet attributes. IP Packet attributes used by NetFlow:

- IP source address
- IP destination address
- Source port
- Destination port
- Layer 3 protocol type
- Class of Service
- Router or switch interface

All packets with the same source/destination IP address, source/destination ports, protocol interface and class of service are grouped into a flow and then packets and bytes are tallied. This methodology of fingerprinting or determining a flow is scalable because a large amount of network information is condensed into a database of NetFlow information called the NetFlow cache.
